Summer, 2010

A message from our Church Council President, Peg Ekedahl...

Many of us think that church life slows down in the summer, but the rhythms of life simply change. We still have three services each weekend, but instead of two Sunday services in the sanctuary we offer our 7:45 service in our parking lot.

Confirmation classes are on hiatus, but middle and high school youth groups pick up speed. Mission trips and working at the Rock County 4H Fair engage our young people's hearts, time, and effort. Bible camp offerings for our children and special needs students are highlights of the season.

Please join us as we praise God and enjoy the beauty of summer in Wisconsin. Check our events calendars for specifics, and ask friends to join you in worship at First Lutheran Church. We are easy to find, given our location directly across the street from the county fairgrounds. See you in the sunshine!
